

SCBA Seating

SCBA Seating

FlameFighter SCBA seats are now available with our new RSG innovative SCBA restraint that does away with troublesome safety straps, this new NFPA compliant restraint uses a completely redesigned system to hold the SCBA in place in the event the vehicle is in a collision. Our SCBA seating works with any brand or model SCBA.

Model 18000 Shown

Model 205 Shown

Our #203 which has our 14000 restraint is available as well.

The FlameFighter SCBA seat is built for the rugged demands of firefighting. It has tough 46oz vinyl with high density foam and quality stitching throughout. In addition, the split in the head rest holds the shoulder straps securely in place for easy donning of the SCBA. Large lower openings give the waist belt a place to be out of the way. Color choices are available. For specifications, see our website or contact customer service.
